

## 30+ Years of Custom Products and Innovative

### COMPANY

PSI, since 1989, has been providing value added services to clients to manufacture, reverse engineer, and source products.

Originally established as a parts supplier in the air pressure, outside plant arena PSI quickly grew into a manufacturer and a problem solver for their clients.

Today, more than 30 years later, PSI remains a valued and competitive supplier in the air pressure market and continues their business relationship with their very first client! However, PSI has become extremely diverse in their product offerings and capabilities.

### TECHNICAL SERVICES

PSI is unique in its capability to utilize its wide-ranging expertise and develop custom products to suit the specific needs of its clients.

PSI strives to establish trust with its partners. Trust fosters partnerships built on confidence and integrity. PSI believes trust and strong partnerships allow for growth and mutual success, a win, win!

### PRIMARY INDUSTRY NAICS CODES

PSI offers a variety of diverse and exemplary products and services under the following North American Industry Classification System Codes (NAICS)

**PROUD OF WHERE WE STARTED**

**PASSIONATE ABOUT WHERE WE ARE**

**HEADING**

## Performance

PSI provides products and services to some of the world's biggest customers that include AT&T, Verizon, Qwest, COM S.I.T., Gentex, Nestle, Stouffers, and Delphi.

**Custom Hard Hats**  
**Customer: AT&T**

PSI won this business over seasoned competitors and delivered a first-class product described as innovative and in a class all its own. Working closely with the client's product development team, PSI provided a solution that met all of the client's goals. From concept to production, PSI surpassed the clients' expectations and delivered an extraordinary product.

**NBRU Portable Stacked Units**  
**Customer: Time Manufacturing**

PSI designed a custom portable replacement for nitrogen bottles for installation into utility trucks to run dry air buffering and pneumatic tool applications. The unit was designed to provide safety and cost savings for the client. This unit is currently used on AT&T, Verizon, and Quest utility vehicles.

**Disinfectant Wipes Production**  
**NEW LINE: COVID PIVOT**

PSI received a Retooling and Reshoring Grant from The State of Ohio to assist in the effort to fight COVID-19. The grant was used to purchase machine to manufacture disinfectant wipes. The machine has been delivered, training is complete, and manufacturing is set to begin October 2021.
